Mahdia, Tunisie

profile

A passionate 3rd-year Computer Science student with hands-on experience as a Frontend Developer, specializing in building dynamic and user-friendly interfaces using React.js and modern web technologies. Proficient in Agile methodologies and teamwork, I aim to leverage my technical expertise and problem-solving skills to contribute to innovative projects while continuing to grow and excel in the field of software development.

EDUCATION

3rd-year computer science student at
Higher Institute of Computer Science Mahdia 2022-2025

EXPERIENCE

Frontend Developer (Intern)

Mega Tel Hi Tech – IT Department
january 2024 – juin 2024 (6 months)

- Specialized in frontend development, creating responsive and user-friendly interfaces using React.js
- Collaborated with a cross-functional team in an Agile Scrum environment to design and implement innovative UI features that enhanced user experience.
- Worked on projects leveraging modern frameworks and tools, including Next.js, to deliver high-performance web applications.
- Improved my technical and collaborative skills through active participation in code reviews, sprint planning, and team discussions.

This internship provided a valuable opportunity to strengthen my expertise in React.js and frontend development while contributing to impactful projects in a professional setting.

Certification in JavaScript Algorithms and Data Structures from freecodecamp

SKILL HIGHLIGHTS

- **Programming Languages:** Python , Java
- **web Development:** HTML, CSS, JavaScript, React.js ,Next.js ,mongodb ,express , node.js
- **Machine Learning:** Scikit-learn , Pandas ,Numpy , Matplotlib
- **Version Control:** Git & Github , docker
- **Languages:** English, French, arabic
- Problem Solving
- Communication
- Team Collaboration
- Time Management

PERSONAL INTERESTS

I am an active IEEE member, which allows me to stay engaged with the latest trends in engineering and technology while networking with like-minded professionals.
